MANY MABRAY VICTIMS

SON OF CLERGYMAN ASSISTED IN DUPING COLLEGE MAN.

Carried Along by Assurances of Friendship-Texan Lost \$18,000 on Wrestling Match.

Council Bluffs, Ia. - Wednesday's sesion of the trial of John C. Mabray and so other defendants, charged with swindling operations by alleged misuse of the malls, produced a kaleidescope of testimony not yet equaled during the trial. The testimony of victims placed on the stand, while rehearing experiences in many respects not dissimilar from those already recited to the jury, was given by persons whose personality completely changed the complexion of the system by which they were induced to make contributions to the collection alleged to have been taken up by the defendants.

William H. McGrath, aged 28, a gradu ate of the University of Minnesota and of the St. Paul Law School, was as easlly duped out of his \$10,000 as was James G. File of Cisco, Ill., aged 74 years, who testified to the loss of a similar amount. T. E. George of San Antonio. Tex., lost \$18,000; James Webber of Shamokin, Pa., \$3,000, and B. B. Schurman, a German farmer and stockman of Leota, Kans., \$5,000; total \$48,000, as the amount which witnesses told of losing.

Louis W. Stowe, son of an Episcopal rector of Minneapolis, solicited McGrath in the matter, assuring him that it was former college friendship that prompted him to ask the witness to assist him to carry out the scheme, according to the witness' testimony, and it was this dec-laration that decided him to bring \$10, 000 to Conneil Bluffs.

An interesting witness today was T. E. George of San Antonio, Tex., who said be was relieved of \$18,000 in connection with a wrestling match at New Orleans two years ago, in which one of the contestants apparently suffered a serious hemorrhage in the second bout,

He named Jose E. Wright, now under indictment but not yet arrested, as the "friend" who led him into the affair.

TINY BABY'S PITIFUL CASE

"Our baby when two months old was suffering with terrible eczema from head to foot, all over her body. The baby looked just like a skinned rabbit. We were unable to put clothes on her. At first it seemed to be a few mattered pimples. They would break the skin and peel off leaving the underneath skin red as though it were scalds. Then a few more pimples would appear and spread all over the body, leaving the baby all raw without skin from head to foot. On top of her head there appeared a heavy scab a quarter of an inch thick. It was aw ful to see so small a baby look as she did. Imagine! The doctor was afraid to put his hands to the child. We tried several doctors' remedies but all

"Then we decided to try Cutlcura. By using the Cuticura Ointment we softened the scab and it came off. Under this, where the real matter was, by washing with the Cuticura Soap and applying the Cuticura Ointment, a new skin soon appeared. We also gave baby four drops of the Cuticura Resolvent three times daily. After three days you could see the baby gaining a little skin which would peel off and heal underneath. Now the baby is four months old. She is a fine picture of a fat little baby and all is well. We only used one cake of Cuticura Soap, two boxes of Cuticura Ointment and one bottle of Cuticura Resolvent. If people would know what Cuticura is there would be few suffering with eczema. Book Companionship.

Books are a guide in youth and an entertainment for age. They support us under solitude and keep us from being a burthen to ourselves. They help us to forget the crossness of men and things; compose our cares and our passions; and lay our disappointments asleep. Danger in Spitting on Sidewalks. In order to show that splitting on the sidewalks is dangerous to health, an investigation has been made by Dr. John Robertson, medical health officer of Birmingham, England, which shows that seven per cent, of the "spits" collected in public places contained consumption germs. On the other hand the dust collected from the floors of the cottages of the Adirondack Cottage sanitarium has been found to be free of tuberculosis germs, showing that a careful consumptive is not dangerous.

Given Away in Prizes To Ladies Who Use Defiance Laundry Starch

Five hundred and seventy-two cash prizes divided as follows, to the man, woman or child who sends to us before November 15, 1910, the largest number of trade marks, "THE GLADIATOR," cut from our 16 ounce package, (or two from our 8 otnice package—to be counted as one), we will give TWO HUNDRED DOLLARS IN CASH. To the one sending the next largest number ONE HUNDRED DOLLARS IN CASH, and to the next twenty, TWENTY-FIVE DOLLARS each. To the next fifty, TEN DOLLARS each. The next two hundred, TWO DOLLARS each. The next three hundred, ONE DOLLAR each; in all, 572 prizes distributed as follows:

1	Grand	Cash	Prize,	\$200.00	图	. \$	200.00
							100.00

50		Cash	Prizes,	10.00	each		500.00
200		1000	Prizes,		each	• 4	400.00

572	Prizes	, in al	l, amoun	ting to .		. \$	2000.00

The question may arise in your mind, "How can we afford to do this?" The answer is: we found by experience that instead of using \$5,000 for advertising to cover a certain field, by giving \$2,000 of this amount to the ladies in cash premiums and using the other \$3,000 for advertising, we obtain much better results.

Reasons Why You Should Use Defiance Starch

It is the very best cold water starch on the market
It can also be used as boiled starch
It never sticks to the iron
It contains 16 ounces to the package, as against other brands' only 12 ounces
One-third more starch—lasts one-third longer
Ironing can be done one-third quicker and twice as easy where the starch never sticks

In addition to these reasons, some one must secure one of the grand cash prizes. Think of capturing the grand cash prizes of either \$200.00 or \$100.00 to be received just before Christmas. All prizes will be distributed not later than Dec. 10, 1910.

Start the Ball Rolling

Begin at once to arrange for your children to solicit your neighbors who will give you the "trade marka." Even those who do not wish to compete for any of the prizes will get ose-thind more starch by using "Defiance." This is sufficient inducement for giving it a trial. Ladies can arrange clubs of a dozen or more and the trade marks be sent in under one name and divide the prize among themselves, if they wish.

BEWARE of a dealer who would rather sell a 12 ounce package than a 16 ounce package, because customers buy oftener. We say to you, if you have a dealer in town who keeps DEFIANCE STARCH, 16 ounce package, that is the place to buy ALL of your goods in his line, because it is evident he has some interest in his customers welfare. Some dealer in your town will be sure to heep on hand this starch.

Save all trade marks until November 10th, or 12th, of this year, and then send them to THE DEFIANCE STARCH COMPANY, OMAHA, NEBRASKA, by mail, either by letter or parcel post. In doing so, be sure and give your name and correct address. In case of a "tie" in the two grand cash prizes, the prize will have to be divided.

We have deposited \$2,000 with the Merchasts National Baak, of Omaha, Nebraska, payable to the order of A. M. Pinto, who is the treasurer of a large corporation having offices in 24 cities in the United States. Mr. Pinto will superintend the distribution of the prizes.

Remember, there are 570 prizes, besides the two grand prizes. That all the trade marks must be received by us by November 15th. Give plainly your correct name and address.
